## Mission

We are driven by a commitment to leverage both quality and equality in everything we do. Our mission is to ensure that the finest products from international markets are made accessible to everyone, regardless of their background or location. By partnering with trusted global suppliers, we uphold rigorous standards, making it our priority to meet and exceed customer expectations.

## Vision

To become the top leader in Suriname’s wholesale and retail industry. We aim to establish ourselves as the go-to organization for quality products, customer satisfaction and industry innovation. As we continue to grow, we aim to set new standards of excellence in our service, ensuring that our customers consistently enjoy the highest level of experience and value.

# About us

Amazone International N.V. has rapidly secured its position among the top three retail companies in Suriname. Our success is driven by strong visionary leadership, where anticipation and forward-thinking have been the keys to our continued growth. Each new division added to our parent organization has proven immensely successful, affirming the effectiveness of our strategic approach.

One of the cornerstones of our success is our comprehensive nationwide distribution network. Strategically located distribution centers across Suriname allow us to deliver products quickly and reliably, ensuring that even the most remote areas are consistently and efficiently served. Our logistics infrastructure, supported by a fleet of modern vehicles and advanced tracking systems, enables us to monitor every stage of the delivery process, guaranteeing timely and secure shipments. This capacity for nationwide reach is a testament to our commitment to meet the needs of customers all over the country.

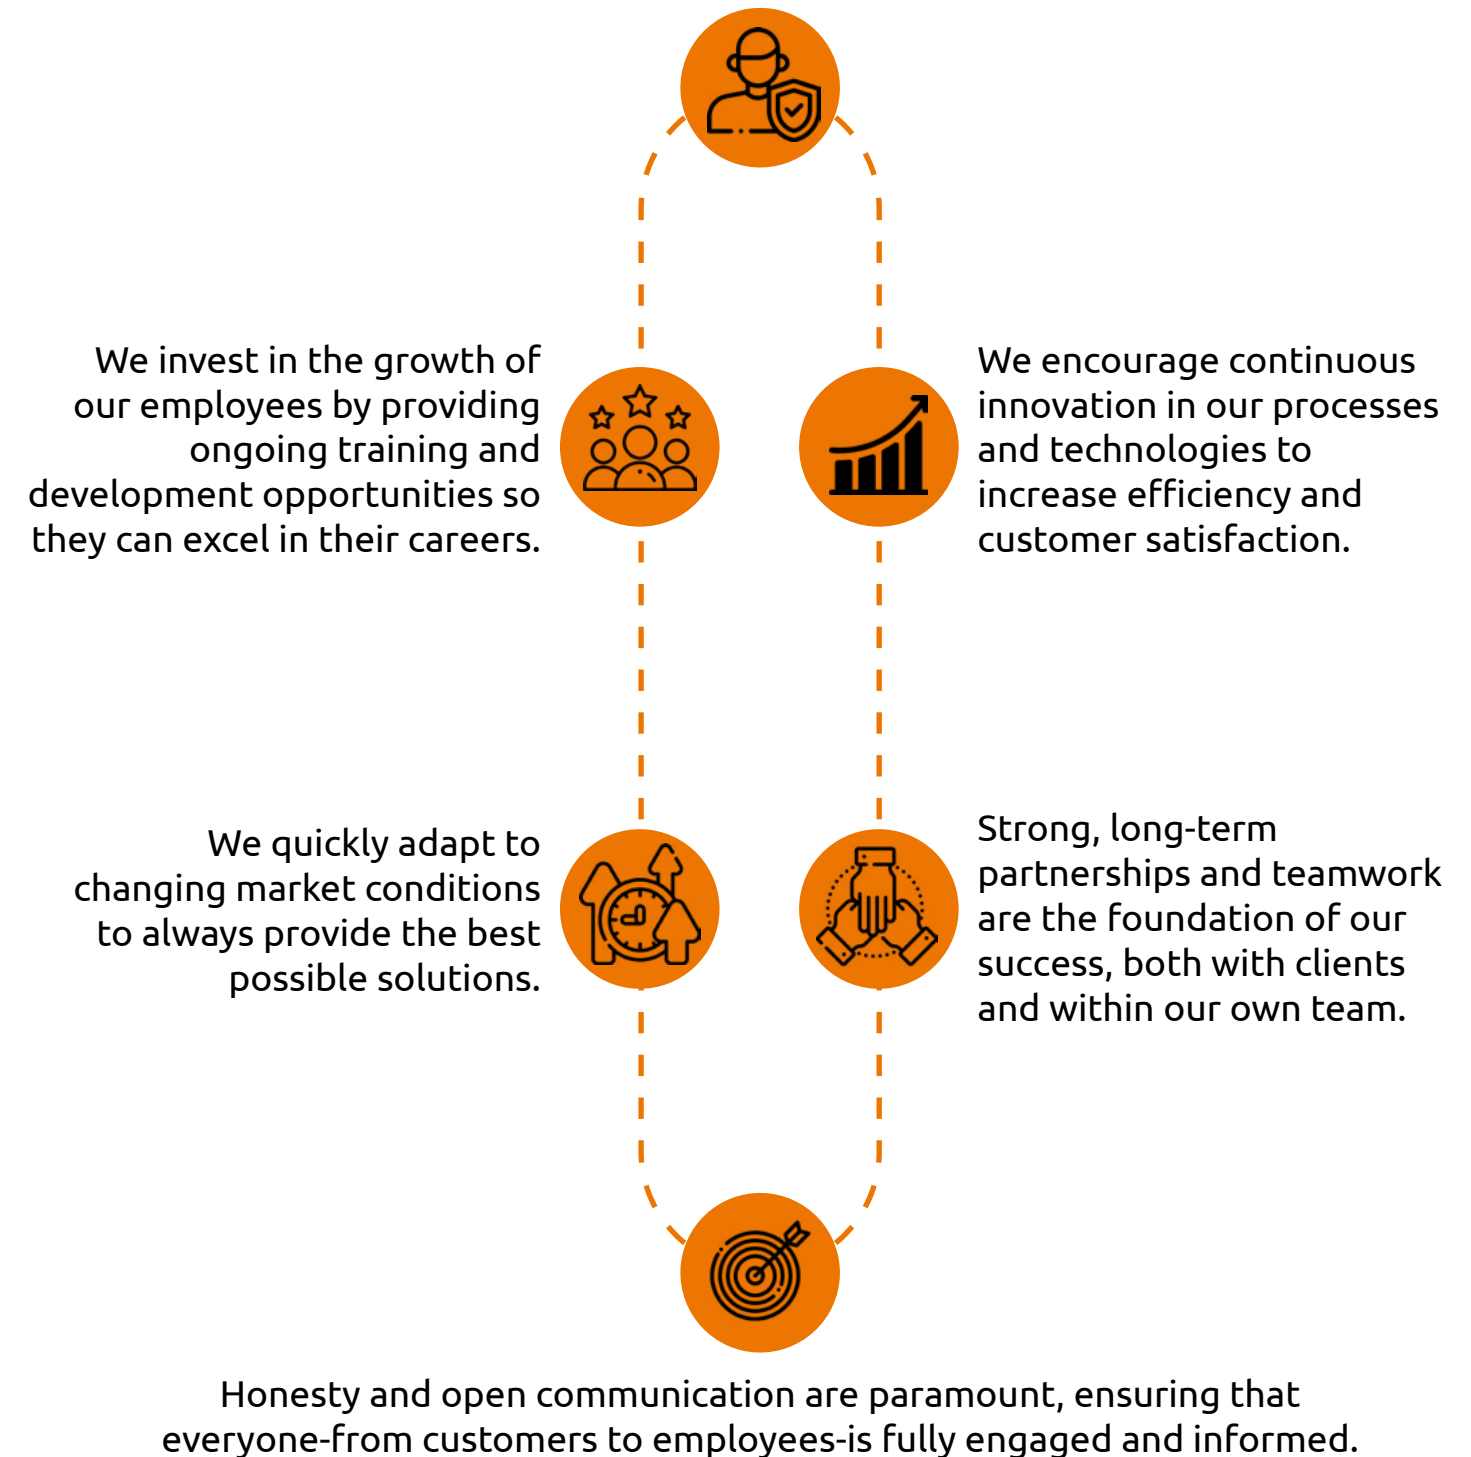

In addition to our robust distribution capabilities, we have implemented cutting-edge software solutions for efficient supply chain management. These tools allow us to optimize routes, reduce delivery times, and ensure product availability at all times. By continuously refining our operations and embracing innovation, we are able to scale our distribution efforts without compromising on quality or service.

Our Standard Operating Procedures (SOPs) and Standard Working Instructions (SWIs) ensure that every aspect of our distribution process meets the highest standards. Whether it's a small retail order or large-scale shipments, our dedicated team executes every task with precision and professionalism. Our highly trained, experienced sales team operates with complete independence, showcasing their expertise and drive to exceed expectations.

# Core values

We deliver consistently and reliably, with a focus on exceeding expectations for both our customers and partners.

# Timeline

**1995**

Amazon International N.V. began as a sole wholesale business, laying the foundation for future growth. Initially focused on wholesale services, we quickly identified a rising demand for high-end quality products. This recognition, along with gaps in the market, led to an expansion of our service offerings, enabling us to better meet the evolving needs of our customers.

**2009**

Tulip Supermarket was opened at Tourtonnelaan #131, marking our first venture into retail.

**2018**

We relocated our warehouse to a larger facility at Nieuw Charlesburgweg #132 to accommodate our growing inventory. In the same year, we launched Amazon Foodservice to supply ships with onboard provisions. Due to overwhelming demand, we quickly expanded our services to cater to other large-scale consumers.

**2002**

We established Amazon International N.V. at Boontjediegweg #6-8. As the company grew, the need for further expansion became clear.

**2022**

Amazon Retail launched its online shop, making easy for clients to access a wide range of quality products from the comfort of their homes. Additionally, Amazon Frozen was established, marking the start of an exciting new journey in frozen goods distribution.

**2024**

Amazon International N.V. has grown to proudly oversee three divisions: Amazon Foodservice, Amazon Retail and Amazon Frozen.

**2025**

We aim to expand into several key areas, with a focus on continued innovation and customer satisfaction. As part of our growth strategy, we will be opening Tulip Supermarket 2 this year.
